

Jackson Roll

Versatile, Fiber-Filled Positioning Pillow

- Promotes orthopedically correct sleeping posture to help relieve neck tension and aching, stiff necks.
- Use for low back support.
- Great for your neck, back or under your knees.
- Versatile for use at home or when traveling.

Comfort & Support

The Jackson Roll positioning pillow is our most versatile, fiber-filled support pillow. It is specially shaped to help provide comfort and support. Use it under your neck for correct sleeping posture, or behind your back for lumbar support. Use it behind your knees for additional comfort while resting. This roll is great for use at home or when traveling.

Durable Materials

The Jackson Roll is constructed with the highest quality Corefill fiber and covered with durable fabric to ensure years of comfort and use.
