

CorFit® Belt Fitting System

The Belt That Fits Everyone!

- Patented proportional fitting system gives you taller belts for larger people, shorter belts for petites and children.
- Provides superior abdominal compression critical for lower back support.
- Reduces inventory; just three sizes fit most patients.
- Doctor recommended.
- Versatile for short-term or long-term usage.

CorFit® Belt Fitting System

The CorFit Belt is the best-designed belt on the market. Our patented fitting system allows us to create belts proportionally sized in height and length to provide you with taller belts for larger people and shorter belts for petites and children. Just three sizes – small, regular and x-large – will fit nearly all of your patients.

Comfortable Back Support

Plush elastic back panel and double side pulls provide superior abdominal compression critical for lower back support. The ultra durable front panels add extra support and ensure long use. Wicking material draws moisture away while the CorEdge finish adds comfort without binding or irritation.

CorFit Belt Sizes	
SIZE	HIPS
Small - 6"	27" - 39" (69-99cm)
Regular - 8"	32" - 47" (81-119cm)
