

# Airmersus<sup>®</sup>

## Three-Zone Adjustable Air Seat Cushion

Designed for E2622 skin protection, adjustable seat cushion.

### Primary Use:

Individuals that require adjustable deep immersion for offloading, pelvic stability, and proper positioning.

### Airmersus Features and Benefits:

- ⊕ Redistributes pressure for a reduced risk of pressure injury. Fully adjustable three (3) chamber deep immersion provides ultimate comfort and skin protection for each individual's body type and positioning needs.
- ⊕ **Air Valve Technology** allows zoned air chambers to automatically self-inflate for instant re-adjustment of air flotation settings (NO HAND PUMP REQUIRED TO RE-INFLATE).
- ⊕ Cover is made of a soft comfortable stretch knit fabric that is fluid resistant and machine washable.

Available Sizes: Width 16", 18", 20"  
Weight capacity: 350 lbs.
